Weekly Newsletter No 62

09.05.2024

Dear parents and carers,

A very short introduction from me for this week. The sunny weather is finally here and so as well as enjoying it, we must think about sun safety advice. Children will be learning about this in classes. Good luck to our Year 6's next week as they do their SATs. We are sure they will ace them!

Kind Regards

Gary Tucker
Headteacher

Beacon Class

This week, Year Six pupils have been revising for their SATs next week! Don't forget, SATs breakfasts are at 8am Monday - Thursday so make sure you get plenty of sleep and join us for breakfast if you're in Year Six.

In Geography, pupils have been learning about the climate in Greece. They produced some detailed graphs showing the average temperature during the year as well as the average rainfall - they'll be able to plan for the perfect holiday!

Beacon had their class photos and Year Six photos on Wednesday - they all looked very smart indeed!

Pupils have been increasing their knowledge of Humanism in R.E, this week learning about the 'golden rule' ... treat others as you wish to be treated yourself. Children thought deeply about whether it's always wrong to lie, even if telling the truth would mean upsetting a person. It was a difficult decision to make!

In Art, children are learning how to create small-scale architectural models using matchsticks. This week, they have focussed on joining techniques to ensure their models are strong and durable.

Alfoxton

Alfoxton class have been looking at the structures of flowers and looking how different plants disperse their seeds over the past few weeks. Well done to those children who read their fantastic poems out in assembly last week. We are now writing our own stories in English. We are very excited about the school play which is taking place next half term. We have started to learn and practise some of the songs from the production. In Maths, we are learning about angles and shapes.

Keep up the hard work!

Triscombe

This week we have been very busy in Triscombe, we've practised our number bonds to 10 on a ten frame. We learned more about the parts of a flower and made our own lilies with the parts we learnt about. We predicted what we think will happen to plants when they don't have some of the things they need to grow. We each planted a pea and we will record any changes we see in a plant diary. We can't wait for them to start sprouting.

We were very excited to hear that Beegu wrote back to Myla. She thanked Myla for the lovely postcard that she'd written to her. Hopefully we will hear from Beegu again soon.

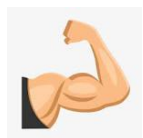

Preschool

This week at Preschool our theme has been 'The very hungry caterpillar'. The children have been very engaged, counting foods the hungry ate, practising our counting and written number formation and we learned a new song; 'There's a tiny caterpillar on a leaf'. We have looked at the life cycle of a caterpillar and coloured our own butterflies. We have also made the most of the sun and enjoyed lots of outdoor play and enjoyed searching in the field for our very own 'hungry caterpillar'.

Free to Collector

We have 2 x table tennis tables free to anyone who would like them. Please contact the office if you would like them.
