Hello Everyone,

Beacon Class

Beacon Class conducted an investigation this week to discover which material is the best insulator for keeping a cup of hot chocolate warm. They conducted a comparative test between a china, glass and plastic cup by measuring the temperature of warm water within the cups at regular intervals. Everyone thought the china cup would be the best insulator due to it being the most common vessel for hot drinks; however, there were surprising results! Ask a Year 5 or 6 pupil what they discovered!

Visions and Values

We are so proud of our school and its ambition through the vision, values and of course our curriculum. Please do take a moment to have a look at the curriculum on our website

here- https://www.stogurseyprimaryschool.co.uk/web/our_curriculum_an_introduction/497779

Also, do look at the Vision and Values section it includes very short explainer videos. All of this content has been recently updated and is well worth a look. Access it
